## Maligne Canyon Icewalk Tour – Saturday 1:30pm – tour will take about 3.5 hours:

The Maligne Canyon Icewalk Tour is one of Jasper's most popular and impressive winter adventures. Your trained SunDog tour guide will take you to the bottom of the Maligne Canyon – the deepest accessible canyon in Jasper National Park – where you will explore frozen waterfalls, ice caves, and incredible ice formations. You will learn about Jasper's Maligne Valley, Karst topography, and the mystery of the "disappearing" Medicine Lake.

The tour covers approximately 3.5 kms (2.1 miles) and is mostly downhill. Participants are required to dress appropriately for the weather. Pick-up and drop-off will be from your hotel. Shoe sizes are required as ice cleats will be provided along with helmets.

\*Please be prepared for the mountain weather. It changes quickly and winter tours run up to -25C (-17F). Wind chill can change the temperature dramatically and you will be outside for the majority of your tour. To ensure that you enjoy the tour, please wear/bring:

-Thermals / base layers / long johns, warm sweater, warm jacket, hat and warm mitts/gloves and a neck warmer or scarf.

-Snow pants are recommended for this tour and are mandatory if it is below -16C (3F). Otherwise, on warmer days, jeans / regular pants over long johns are okay.

\*\*This excursion is weather dependent, we will confirm any changes 24 hours prior to departure.\*\*

**Please note:** *Live It Up reserves the right to pass along any charges levied by suppliers with respect to hotel damages or unpaid incidental charges. To be enjoyable for all guests please keep in mind that the hotel has a strict 11:00pm quiet hour.*
